

New MediFlags Pricing Structure – Effective 1st August 2015

The contractual arrangements between MediFlags and the Australian Medicines Handbook (AMH) that were negotiated when Medscope acquired MediFlags have now expired. This means that AMH Online™ and AMH Aged Care Online™ will no longer be bundled with MediFlags subscriptions.

This change will come into effect for MediFlags subscriptions that are renewed after 1st August 2015. Pharmacists whose current MediFlags subscription expires after the 1st of August will continue to have access to their existing AMH Online subscription up until their MediFlags license expires.

The renewal fee for MediFlags (premium) after 1st of August 2015 has been reduced from \$695.00 pa to \$635.00 pa to compensate for the new arrangements.

In addition, Medscope has negotiated a **20% discount** for MediFlags subscribers wishing to purchase AMH Online™ or AMH Aged Care Online™. These must be purchased directly from Australian Medicines Handbook. Mention that you are a current MediFlags subscriber to get your 20% discount.

Yours Sincerely
MediFlags Management
